"ELLE"

***Trauma and Perversion: What Does Triumph Have To Do With It?
Discussant: Sandra E. Cohen, Ph.D.***

****The Film will be shown in its entirety.***

Michèle “seems indestructible ... being attacked in her home by an unknown assailant changes Michèle's life forever. When she resolutely tracks the man down, they are both drawn into a curious and thrilling game that may, at any moment, spiral out of control.”

Verhoeven “is interested in the psychology and behavior of this particular woman. His camera follows her everywhere, like a stalker, like a lover ... every interaction, not just sexual and political, contains small jostles for power, position, dominance.” (Sheila O'Malley on rogerebert.com).

Following our showing of ELLE, Sandra E. Cohen, Ph.D., PCC Training Analyst, will conduct an analysis and discussion of the film focused on trauma, perversion, and what triumph has to do with it.

Admission: \$20.00 per person

A light lunch will be served.
